

**Faulk County, SD Poverty Trends for Population
Aged 18 and Under**

1970	1980	1990	2000	2005
23.69	41.03	32.44	24.82	16.4

Faulk County's child poverty rate rose in 1980 along with the farm crisis. This affected many of the younger farm families and their children, leading to an increased child poverty rate. Faulk County's 1980-1990 decrease in child poverty reflects out-migration of younger families living in poverty. Faulk County's declining child poverty rate may partially be attributed to an increasing percentage of Hutterite youth.
